

REMARKS/ARGUMENTS

Favorable consideration of the present amendment is respectfully requested.

Claims 1, 3-7, 9-11, 13, 23, 24, 26, 27, and 29-35 are pending in the present application, Claims 4, 5, 10, 11, 27, and 31 having been amended.

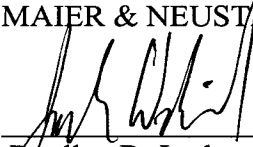

The Notice of Allowance included an Examiner's Amendment. However, the Examiner's Amendment was not exactly what Applicant's representative authorized. The present amendment corrects the minor inconsistencies between what was authorized and what the Notice of Allowance reflected. The claims include the changes made by Examiner, but are not shown as being underlined since it is presumed that the Examiner's Amendment has been entered. Further changes to the claims made by the Applicant are shown with strikethroughs and underlines.

With respect to the Examiner's Amendment to Claim 10, line 18 of Claim 10 does not recite "data store." Accordingly, this change is not reflected in the present claim listings.

Applicants respectfully submit that the present amendment does not add new matter, and does not require a new search. Applicants respectfully request that the present amendment be entered.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
